

EMMANUEL MKPURUNCHI

Frontend Developer

Lagos, Nigeria • mkpurunchiemma@gmail.com • +234(703) 453-4697 • [portfolio](#)

I am a web developer passionate about building web applications that solve problems and increase organizational productivity. With three years of experience in managing and delivering client demands based on design and recommendations. I also build mobile responsive websites that meet high standards for web design, user experience, best practices, and speed optimization.

PROFESSIONAL EXPERIENCE

HNG TECH INTERNSHIP

Lagos, Nigeria

Frontend developer

July – August 2024

- Actively contributed to building my team's product AIForHomework – an AI-enabled web app that can help students solve their homework
- Contributed to developing the visually appealing user interfaces of the AIForHomework app in line with the designs
- Developed an e-commerce website ([timbu-shop](#)) using Timbu API at the HNG11 internship
- Participated and performed all the tasks in the HNG11 internship from stages 1 – 10.
- Wrote well-designed, testable code.
- Wrote reusable codes and components that enhanced development efficiency.

HYGGEX DIGITAL SERVICES PRIVATE, LIMITED.

India

Frontend developer

Oct.2023 – Jan. 2024

- Collaborated with front-end developers, in developing the company's website.
- Translate UI/UX designs into a visually appealing interface using React.JS and Tailwind CSS.
- Engaged in the frontend development training recommended by the company.
- Implemented API integration with the backend team.

SWIFTTALK LIMITED,

Lagos, Nigeria

Web/Software Engineer

Jan. 2022-July 2023

- Worked with a three-person web engineering team to design and develop websites.
- Installed and configured WordPress plugins and themes, increasing the company website's SEO by 30%.
- Created visually appealing graphic designs for the company's social media campaign.
- Reduced page load time by 70%, improving user experience and boosting organic traffic by 60%.
- Efficiently managed the company's social media pages and boosted its online presence by 75%.
- Troubleshooting and resolving website-related issues.

SKILLS

HTML • CSS • Tailwind CSS • JavaScript • React.JS • Next.JS • GitHub • Django • Typescript • PostgreSQL • Bootstrap • MySQL • WordPress

PROJECTS

BNCK website: I developed a school website for Bishop Nkwoagu College Kpirikpiri, Abakaliki, Nigeria, which boosted their online presence.

MDIS website: A school website developed for Mabel Divine International School, Nnewi, Nigeria. The website shows the school activities and increases their yearly intake through online registration.

E-store: Build an e-commerce website with frontend technologies.

CTA website: I cloned the CWW Tech Africa website using frontend technologies.

Calculator App: A simple calculator app that performs basic arithmetic operations.

EDUCATION

Nnamdi Azikiwe University

Awka, Nigeria
